

Hello. I'm Sam Blinde.

pronouns: (she/her)

SENIOR SOFTWARE ENGINEER + ENGINEERING MANAGER

I AM PASSIONATE ABOUT People Management, User Centered Design, User Experience, Accessibility, Leadership Skills, Mentoring, Interviewing and Hiring, Advocacy for Disability, Diversity, Equity, and Inclusion

AND THESE ARE SOME OF THE TOOLS I USE TO GET THE JOB DONE: React, Redux, Node, TypeScript, Github, Jenkins, CloudBees, LaunchDarkly, NewRelic, Elastic APM, PagerDuty, Linear

I've been at it professionally for over 7 years.

I have a Bachelor's Degree in **Media Design** from **Wilmington University** under my belt.

Here's a look at what I've done for a few companies.

2022–PRESENT

SENIOR ENGINEER + ENGINEERING MANAGER

FORMIDABLE LABS | REMOTE

- Lead a team of engineers on two React front-end client projects and contributed to the code myself
- Hold regular 1:1s, mentored, coached, and set goals for career paths for direct reports
- Wrote documentation to help support project needs and information and onboard team
- Lead the build and implementation of large features as a technical project manager for our client projects
- Tech stack: React, TypeScript, GraphQL, Prisma, PHP, Github, Linear

2017–2022

SOFTWARE ENGINEER II

ACCOLADE | PLYMOUTH MEETING, PA & REMOTE

- Helped support and build an internal-facing application to support health assistants with HIPAA-compliant healthcare data
- Owned critical feature sets and collaborated with user experience, product management, and service teams to disseminate needs for our stakeholders
- Served as an on-call engineer and release manager to deploy our applications to production environments
- Over two years of experience as a scrum master for Scrum / iteration manager for KanBan
- Led technical interviewing in several interview loops, and led as a hiring manager
- Helped onboard new hires, interns, and mentored junior and mid-level engineers

- Wrote documentation for on call responsibilities, accessibility, and helped lead brown bag sessions
- Tech stack: React, Redux, Node, TypeScript, and Next

2016–2017

FRONT END DEVELOPER

REALTIMEMEDIA | CONSHOHOCKEN, PA

- Built and delivered both templated and custom promotional websites for clients
- Collaborated with graphic designers, project managers, and clients to meet project requirements
- Helped develop CMS website experiences, wrote technical documentation, and trained clients in utilization of CMS tooling
- Tech stack: jQuery / JavaScript, PHP, WordPress, Umbraco, HTML, CSS

2015–2016

WEB COMMUNICATIONS ASSOCIATE

WILMINGTON UNIVERSITY | NEW CASTLE, DE

- Helped build and maintain university website content
 - Helped manage the University's social media channels, and developed social media analytic reports
 - Tech stack: HTML, CSS, JavaScript
-
